

Alcohol passport training and test

At Taitotalo, you can participate in Alcohol passport training and obtain alcohol passport for serving alcoholic beverages. The training covers the regulations and guidelines related to the serving of alcoholic beverages.

Who is the training suitable for?

The alcohol passport training and test is suitable for you if you work as responsible in a place that serves alcohol and want to demonstrate your knowledge of alcohol legislation.

The person in charge at the establishment or any other designated individual must possess a certificate demonstrating knowledge of the Alcohol Act according to the model approved by the National Supervisory Authority for Welfare and Health.

Content of the training

Knowledge of the Alcohol Act is demonstrated by a certificate, known as an alcohol passport, issued by an educational institution providing training in the restaurant industry.

The person in charge at the establishment or any other designated individual must possess a certificate demonstrating knowledge of the Alcohol Act according to the model approved by the National Supervisory Authority for Welfare and Health. The regulations concerning the staff do not constitute prerequisites for obtaining the permit, but the permit holder is responsible for implementing the obligations of the law as part of the self-monitoring plan according to section 56 of the Alcohol Act. In the premises where alcoholic beverages are served, a representative designated by the permit holder, such as the responsible manager or another person appointed by the permit holder for this task, must be present if the place is open to customers.

The certificate is granted to individuals who have successfully completed an exam assessing their knowledge of the Alcohol Act and its enforcement procedures.
